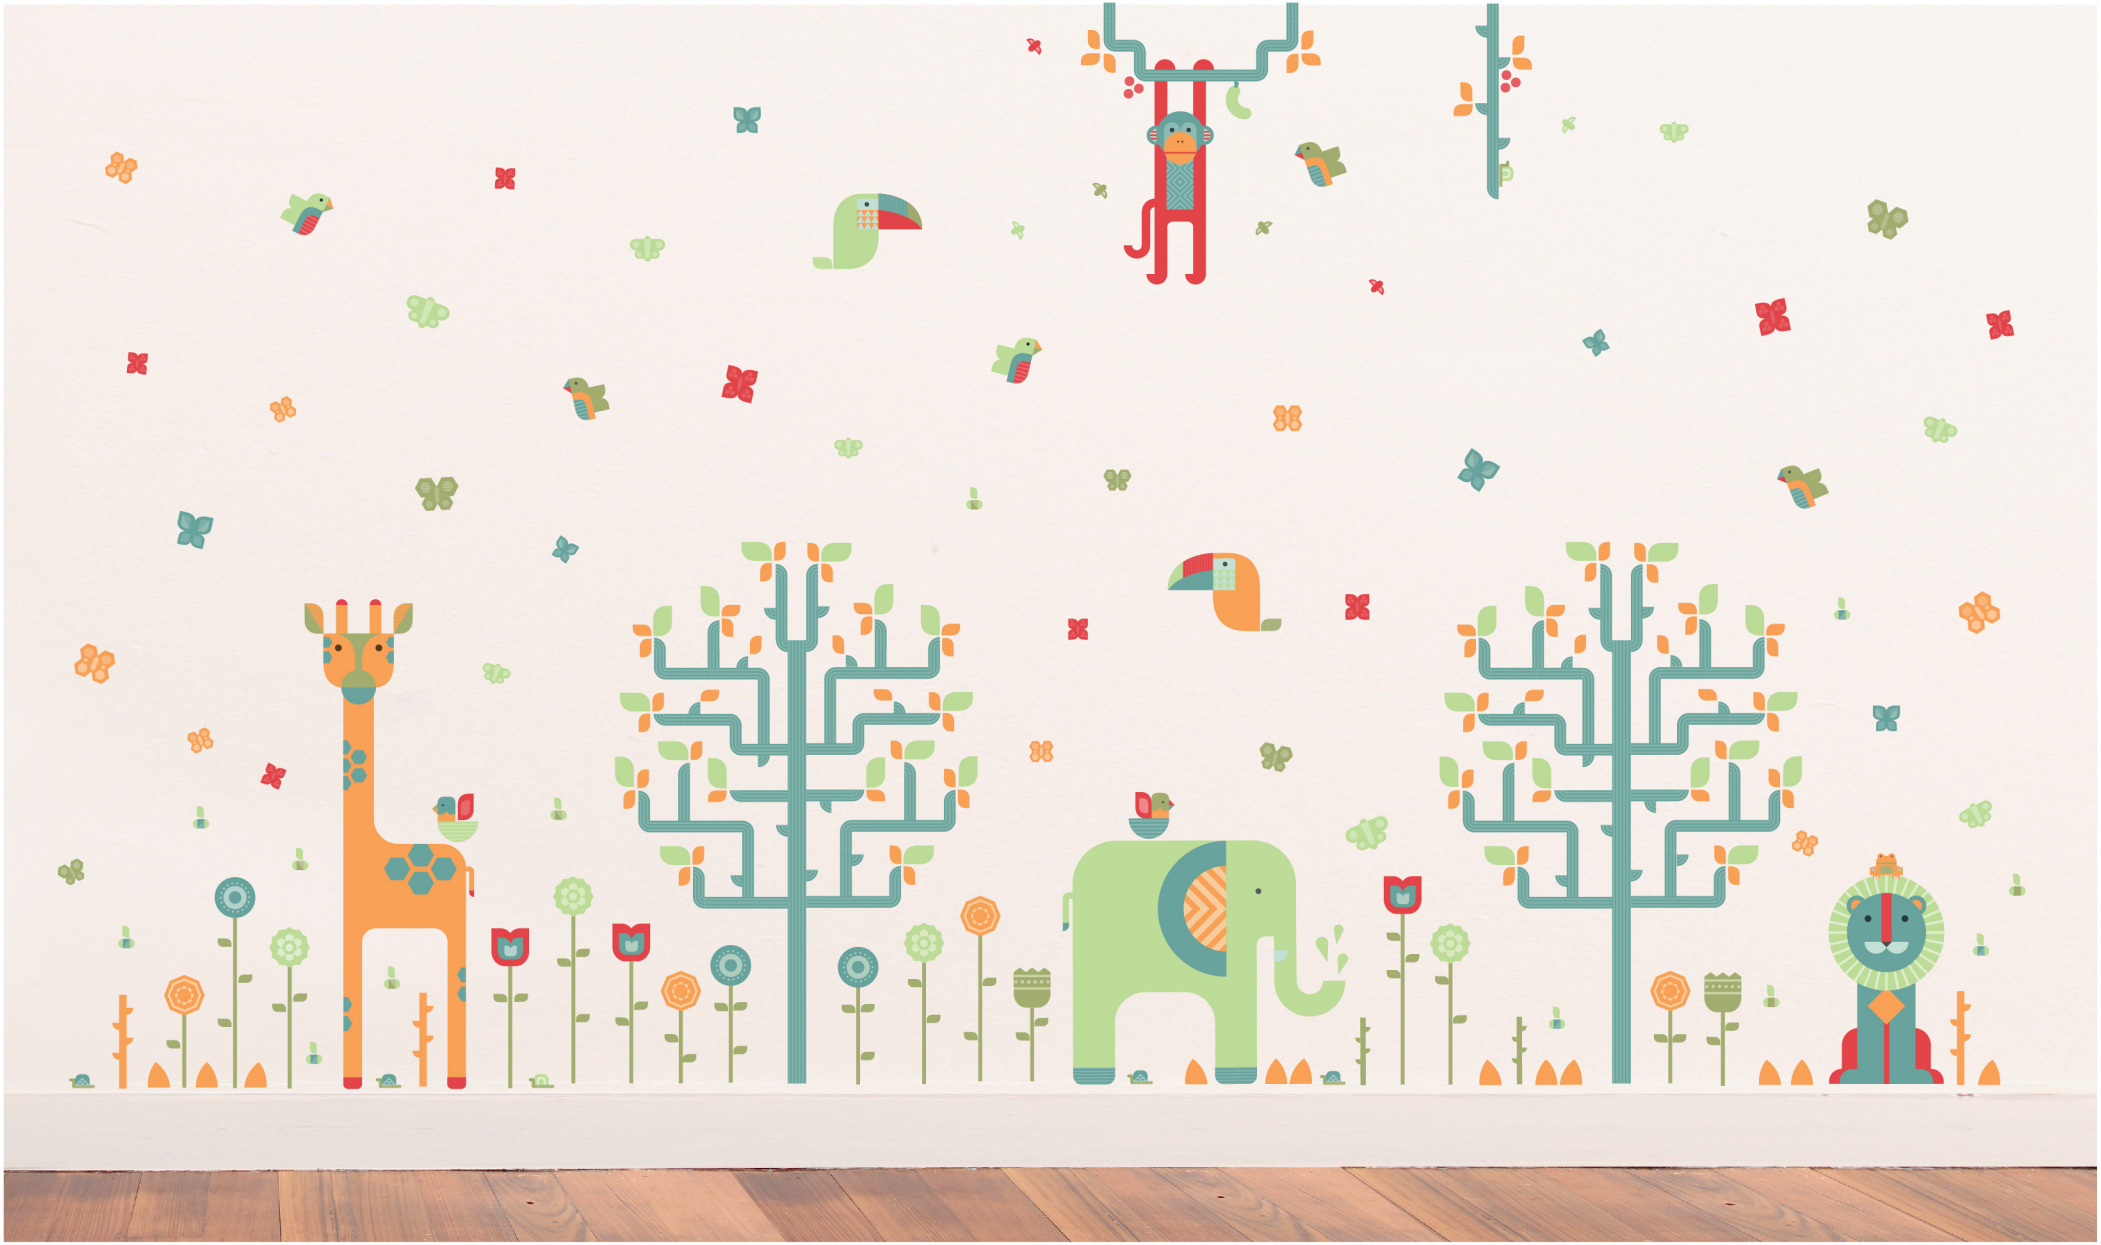
Create your own WILD WALL SCENE 2



Geo TREE

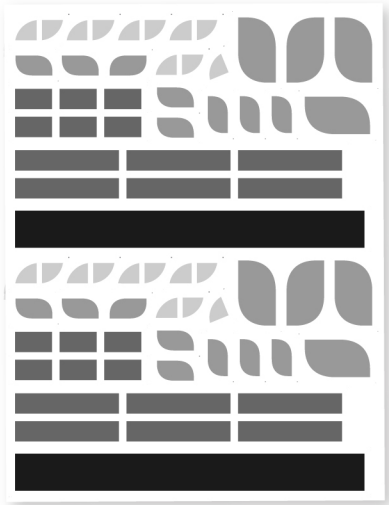
ASSEMBLY 2

Using the 6 basic tree elements you can create the tree of your choice... The possibilities are endless!

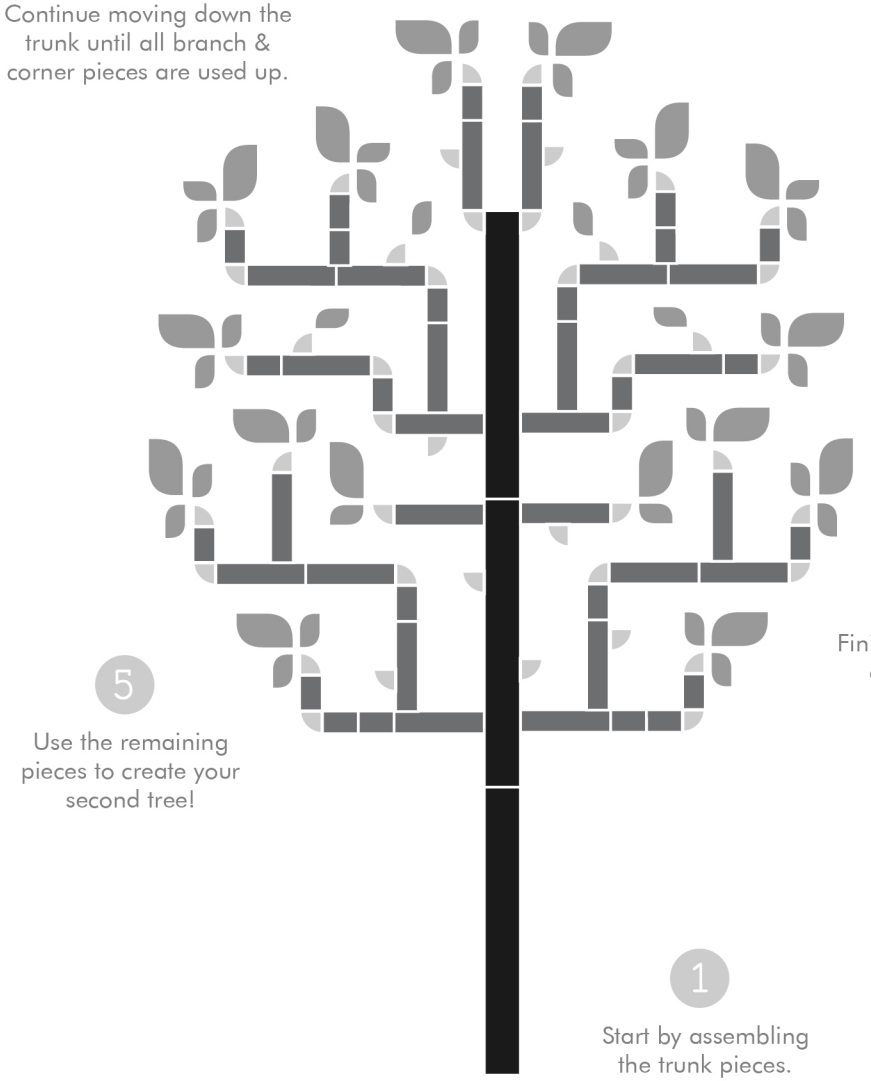
To create the tree shown, simply grab your 3 tree pack sheets and match the pieces accordingly.

Note: 2 identical trees can be created using the 3 tree sheets.

TREE PACK SHEET



- Trunk pieces
- Branch pieces
- Leaves
- Corners



1. Start by assembling the trunk pieces.
2. Create the branches by using the branch & corner pieces. We recommend starting at the top of the trunk & continuing down.
3. Continue moving down the trunk until all branch & corner pieces are used up.
4. Finish off by adding all the leaves!
5. Use the remaining pieces to create your second tree!
